

WHERE LEADERS ARE MADE

District 59 (continental Europe) had the highest percentage of distinguished clubs in 2012-13, with 79.9% of the clubs distinguished or better.

The newest district is D44 (northwestern Georgia), which was spun off from D14 (formerly all of Georgia) as of July 1, 2013. The oldest club in the world is 1-Smedley Chapter One Club in Tustin, California, chartered in October, 1924.

District with the most and least clubs:
D21 (British Columbia, Canada) with 303 clubs
D70 (eastern and northern Australia) with 301 clubs
D68 (Louisiana, western Mississippi, southeast Texas) with 57 clubs.

District with the most and least members:
D59 (continental Europe) with just over 8,000 members
D71 (Britain and Ireland) with almost 7,800 members
D68 (Louisiana, western Mississippi, southeast Texas) has about 950 members.

There are 89 districts as of 2013-2014, plus 263 clubs not in districts. Undistricted clubs pay 25% less dues (no portion to the district), don't get club officer training, can earn distinguished club awards with one less goal than districted clubs, and members can earn an ALS without district leader (Area Governor and up) service.

Just 43 clubs in the entire world have been President's Distinguished with 10 DCP goals for the last nine years (as far back as the available on-line history goes).

There are 89 districts as of 2013-2014, plus 263 clubs not in districts. District 49 (Hawaii) had the highest rate of club officers trained in 2012-13, with 5.98 (out of 7) at the start-of-year training, and 5.94 at the mid-year training. Half the districts trained an average of at least 4 officers each time.

District 41 (central and northern India) had the largest net club growth for 2012-13, with an increase of 41 clubs, from 132 clubs to 173 clubs, and also added the most net members, a gain of over 1,300. District 59 (continental Europe) added the most new members, 3,607, in 2012-13, and also had the highest percentage of clubs at 20+ members at 82.8%.

District 76 (Japan) had the highest member retention rate in 2012-13, with renewals at 92.5% of the payments base, followed by D81 (Caribbean) at 86.1% and D59 (continental Europe) at 86.0%. Half the districts exceeded 75% retention calculated this way.

The shortest club names on file are 1121708-08 in Kuwait, and 2853-XD in San Antonio, Texas. The longest names are three clubs with 61 characters each, 1500436-Legally Speaking The Hanson Bridgett LLP Toastmasters' Club, 704691-Spirent Listeners Toastmasters Club (spirent Employees Only), and 1244205-Defence Science & Technology Agency (DSTA) Toastmasters Club.

In the 2013-14 year, there are 89 districts, 695 divisions, and 3,151 areas. District 59 has 16 countries in it, the most of any district.

Average of DCP Goals by State

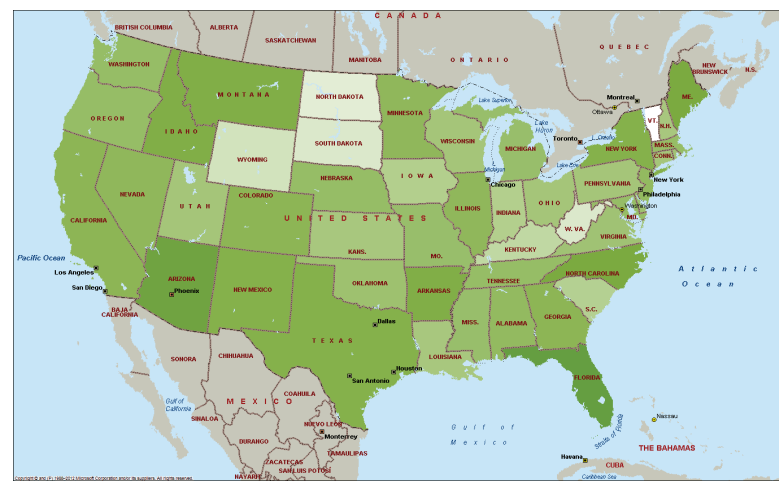

Above: Clubs in blue states earned more DCP goals, yellow states earned less. Vermont clubs earned an average of 3 DCP goals, while Florida clubs earned an average of 6.6 DCP goals.

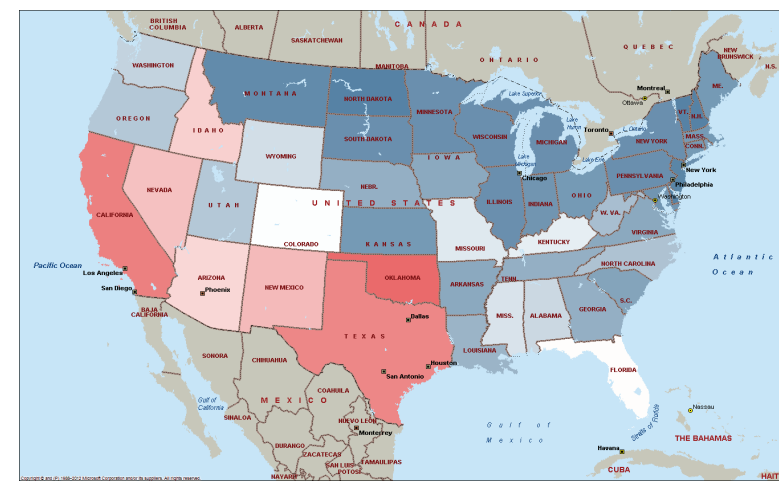

At left: Darker green indicates states with a high density of clubs for the population, whiter indicates low density, less clubs.

At right: Red indicates states that have more clubs with semi-annual officer terms, blue states indicate almost all clubs have annual terms, 51% of Oklahoma clubs have semi-annual terms, while northern states often have all clubs with annual terms.
